

Computer Services

Change machines for Cassie

Instructions to switch cassie from one machine to another.

Left computer.

Unplug the network cables from back of computer.

Using a usb thumb drive, copy " d:\program files\cassiemanager\data " to the thumb drive

Right computer

The machine on the right, insert the thumb drive and copy the data folder to "c:\proram files\cassiemanager\" It will ask if you want to overwrite, say yes to all....

On the desktop , right click on "My Network Places" click on Properties. Then right- click on "Local Area Connection to Firebox" / properties. Double-Click on "Internet Protocol (TCP / IP)"

Change the ip address FROM 192.168.2.4 TO 192.168.2.3 then click OK.

Back in "My Network Places" right-click on "Local Area Connection to Cisco" / properties. Double –Click on "Internet Protoco (TCP/IP)"

Change the IP Address from 192.168.1.101 to 192.168.1.100. then click "OK"

Close all the windows and from the desktop, click on "Cassie Manager" Once it loads, click on "Start Server"
