

The extra curricula, as well as the
curricula activities of school life
mean much in the development of the
personalities of students. This 1948
edition of our Year Book is a miniature
panorama of these activities as they have
been carried on this year. We are grateful
to all who have helped to make it possible.
May memories of this year and the class
of 1948 never be crased from your
hearts.

HIGHLIGHTS OF THE WORK OF THE CHRONICLE STAFF

The work of the Chronicle Staff has been a success this year. We have been made to feel that we can truthfully make this statement since we have been complimented by our own Superintendent of Schools, members of the State Department of Education, the President and others at Lincoln University, a Professor at a white University, many other school people in and out of the state, our own schoolmates, some of our teachers, and by our parents. We are happy because we have been able to please our readers as we tried earnestly to carry out the aims of our school publications. These aims were stated in the first issue of the Chronicle in Principal Drew's "Foreword".

We shall mention here some of the accomplishments of the Staff this year. We have published the Lincoln Chronicle regularly each month. A copy of each issue has been sent to each home represented in the school, to the Pastor of each of the five Negro churches in the city, to the Superintendent of Schools, to each member of the Board of Education, to each teacher in our school, and to the schools on our "Exchange File". Each copy of the Chronicle this year averaged 12 pages with the proper percentage, as nearly as possible, of news, entertainment, sports, features, editorials, and other creative writings.

One of the outstanding features of the Lincoln Chronicle this year has been the column called "Student Opinion". In this column students have expressed themselves freely as to the needs of Lincoln School as they see it, and already, we have seen that the column has done something for the school. Some of the needs have been supplied and we have the promise of having all of them supplied as funds permit.

We present this Year Book as a summary of the Staff's work this year. We are deeply grateful to all the business men and women of Moberly and neighboring towns who have helped to make this book possible by giving us advertisements which you will read in this Annual.

We are grateful to the teachers and pupils who have so willingly supplied us with their room or department news.

We are greatly indebted to Mrs. Mary Ella Tymony, our adviser and teacher of the class in School Publications, for the lessons taught us which enabled us to go about our work with confidence, and for her untiring efforts in supervising the work of the Staff in every particular. You would be surprised to know how many long, hard hours beyond the call of duty she has spent in helping us to make the work of this department a success. The Staff has enjoyed a fine year because she has put in extra hours and extra effort which we greatly appreciate.

HIGHLIGHTS OF THE WORK OF THE CHRONICLE STAFF (continued)

To Principal H.L. Drew, also an Adviser, we are grateful for everything because it was he who advanced the idea of having a school paper when he became the head of Lincoln High School. He is a priceless asset to the Staff. He cuts the stencils and supervises the final steps taken in his office in the production of the Chronicle. It is his words of praise and encouragement given to the teacher and to the Staff which have made us endeavor to make each publication better than the previous one.

While we, the Chronicle Staff, feel that our work has been a success this year in as much as we helped greatly in developing school and community spirit, there is room for improvement. So we hope that the Staff next year will make such improvement. They have our best wishes for a successful year of school publications.

A picture of the Staff appears on a page near the front of this Book.

"LINCOLN, DEAR LINCOLN"

(OUR SCHOOL SONG)

(Tune- "KEEP THE HOME FIRES BURNING")

Chorus:

Lincoln, Lincoln, Lincoln,
Lincoln how we love thee-
We, thy sons and daughters true,
Love thee more and more each day.
We can ne'er forget thee,
No matter where we roam;
We will always think of Lincoln
As home, sweet home.

Stanza 1.

We are Lincoln sons and daughters
Who have started on our way;
We know not where life may lead us,
But this much we can truly say,
Lincoln helped us get a foundation
Upon which we may build our life;
If we'r true to Lincoln's teachings
We will all withstand the strife.

Chorus

Stanza 2.

As products of Dear Old Lincoln
Let us all be loyal and true;
And never bring her name reproach
In anything that we may do.
Let's be real sons and daughters
Worthy of the Gold and Blue
And as true and tried old Lincolnites
Honor her in all we do.

Chorus

Who is Who in Lincoln School for 194-47 was determined by a vote of the high school students. Each high school student was given a ballot. The final tabulations showed the results given above.

HISTORY OF THE CLASS OF 1948

The Senior Class of 1948 which has a membership of fifteen, entered Lincoln High School as Freshmen with an enrollment of twenty-three. In the fall of 1944 these pupils were our classmates:- Frances Alderson, Evelyn Arthur, Shirley Jean Cooper, Hardy Foxx, Jr., Viola Garth, Leroy Graves, Ruby Ginn, Sturgeon, Mo.; Benny Mae Harvey, Shirley Herald, James Moore, Clark; Clara Palmer and Franklin Palmer of Sturgeon, Mo.; Joseph Burton and Rice Burton of Madison, Mo.; Martin Robinson, William Reynolds, Donald Smith, Forrest Smith, Jr., Wanda Swynningan, Gertrude and Harold Taylor of Clark, Mo., Henry Vaughn and Thomas West, Jr.

At the beginning of the next school year when we were called the Sophomore class, our number had dropped to twelve(12). Our classmates who returned to school in 1945 were: Frances Alderson, Evelyn Arthur, Rice Burton, Joseph Burton, Hardy Foxx, Viola Garth, Leroy Graves, Shirley Herald, William Reynolds, Donald Smith, Forrest Smith, Jr., Wanda Swynningan, Henry Vaughn, and Thomas West, Jr. Raymond Benton, a Sea-Bee, who had returned from the Navy, joined our class this year.

While three of our classmates, Frances Alderson, Raymond Benton, and Marie Garth, failed to return to school our Junior year, we had non-resident students to increase our number, namely: Rondle Grant, Betty Palmer, Barbara Simms, and Johnny Lampkins from Macon; Dorothea Nadine Rucker, Aubrey Lee Smith, and Marion Wilson from Huntsville, Mo., and Sandy Smith from St. Louis, Mo.

It was in this our Junior year that we began to take an active part in all school activities. Donald Smith, our class president for three years, starred in all the plays presented by the Speech class, and Dorothea Rucker played leading roles. Both of them participated in the first Oratological contest also. Dorothea Rucker was co-captain of the girls' basketball team and Wanda Swynningan was a member of the team. Hardy Foxx, Jr., was co-captain of the boys' basketball team and Donald Smith, Forrest Smith, Thomas West., Aubrey Lee Smith, Marion Wilson, Billy Reynolds, and Leroy Graves were members of the team.

Three of our members entered the District Golden Gloves Tournament which was held here in Moberly. They were Leroy Graves, who won the 147 pound Novice championship; Rice L. Burton and Ronald Grant.

(continued on the next page)

HISTORY OF THE CLASS OF 1948 (continued)

Dorothea Rucker represented the class in the "Miss Lincoln" contest and came out with third place. The class repeated its assembly program play, "Dates Incorporated", at Macon, Mo., as a queen-contest benefit for our contestant.

One of our greatest social accomplishments during our Junior year was the sponsoring of the Junior-Senior Prom in the spring of 1947. We gave the first Prom that Lincoln has had.

At the beginning of this school year when we enrolled as the Senior Class of Lincoln High School, the sixteen names registered were these:- Evelyn Arthur, Hardy Foxx, Jr., Leroy Graves, William Reynolds, Henry Vaughn, Thomas West, Jr., Rondle Grant, Johnny Lampkins, Betty Palmer, Barbara Simms, Dorothea Rucker, Donald Smith, Forrest Smith, Jr., Wanda Swyningan, Shirley Herald, and Aubrey Lee Smith. At the end of the first semester, however, Leroy Graves' name was dropped.

The activities begun by us in previous years were continued in our senior year. Hardy Foxx, Jr., and Forrest Smith, Jr., became co-captains of the Lincoln basketball Tigers. Donald Smith, who was Sports Editor of our school newspaper, the "Lincoln Chronicle", became the Editor-in-Chief this year. He also continued his fine acting in the plays presented by the Dramatics class. Wanda Swyningan has been one of the school's best soloists during the past four years. Henry Vaughn and Forrest Smith's trumpet playing will be long remembered. Henry Vaughn's work as Staff Artist of the school newspaper has won for him and for his class state wide recognition.

Outstanding students in scholarship during our high school career have been:- Donald Smith, Henry Vaughn, Thomas West, Jr., Betty Palmer, Dorothea Rucker, Shirley Herald, Wanda Swyningan, and Barbara Simms. After May 21st, however, all the members of the class of 1948 will have their names transferred to the roll of the Lincoln High School Alumni.

CLASS WILL

Lincoln High School,
Moberly, Mo.,
May 21, 1948.

We, the Class of 1948, being of sound mind, do declare this to be our last will and testament:

To the class of 1949 we leave all of the grand privileges that it has been ours to enjoy as seniors here at dear old Lincoln. We also leave you our material possessions which will no longer be of service to us.

To you, we relinquish our seats in the auditorium. In the future you may occupy the coveted seats which we occupied at the assemblies.

We pass on to you also the keys to the lockers on the first floor, with the wish that they may be as convenient for you as they have been for us.

To the boys on next year's basketball team Hardy Foxx, William Reynolds, Forrest Smith, Donald Smith, Thomas West, and Aubrey Lee Smith leave their uniforms which they have worn only one year.

To the girls who make the team next year, there is left two suits worn by Wanda Swynningan and Dorothea Rucker with the hope that you will do as much for your team as did the wearers this year.

To whoever can take his place, Henry Vaughn leaves his pencil which served him so well as he did his work as Staff Artist of the Lincoln Chronicle.

Rondle Grant bequeaths his boxing gloves to the boy in next year's senior class who has the desire to fight, as he will probably be too far away to return for the Golden Gloves Tourney again.

To the two girls whose appetites are the greatest, Shirley Herald and Evelyn Arthur will their special privilege of going to the store before school in the morning and at noon for their mid-morning and mid-afternoon lunches.

To the girl in the class whose purse in the class will back her, Betty Palmer gives the permission to be called the best dressed senior girl, since she is passing out of the picture here at Lincoln.

Johnny Lampkins leaves to the boy with the strongest arm his place on the baseball diamond in the pitcher's box.

To the president of the senior class next year, Barbara Simms leaves her gavel which she used in presiding at the meetings of one of the grandest classes that ever attended Lincoln High School.

Signed,

The Class of 1948.

JUNIORS

HISTORY OF THE JUNIOR CLASS

The members of the Junior Class have had an exciting time this year taking part in the many school activities. Margaret Jean Robinson who participated in the "Miss Lincoln" contest won second place. This was an honor for the Junior class of which she is a member. Several members of the class play on the basketball team, are in the chorus, and five are members of the Dramatics Class.

The Junior class girls presented a play at one of the assemblies this year. The play, "Aunt Deborah's First Luncheon", featured Oletha Jackson in the leading role. This play gave the girls a chance to demonstrate their ability to work together. They believe they have learned more about the team-work which is needed to put a program over successfully.

FRESHMEN

FRESHMAN CLASS

We, the Freshmen of Lincoln High, have been asked to write a short sketch about our first year in high school. Well, that is a task! Not because we have nothing to tell, but on the contrary, because we feel that we have participated in so many activities this year that we need pages and pages for our story. Who are these "Freshies"? Well, let us introduce ourselves.

Class officers:- Katherine McKinsey, president; Kenneth Vaughn, vice president; Barbara Alderson, secretary; Velma Cook, asst. secretary; Mary Lou Reynolds, treasurer. Other members: Carrie Arthur; Delma Cook, James Garth, Pearlle Graves, Vonceil Herald, George Jackson, Frances Terrill, Edward Wright, Jacqueline Paige, and Pauline Lee.

"Miss Lincoln", the Queen of Lincoln High School, is a member of the Freshman Class, Barbara Jean Alderson, who won with 18,160 votes, about 7000 more than her nearest opponent received.

Our Assembly program play, "The Three Dying Swans", was repeated in Salisbury and in Dalton. Everybody said that we were really good! You see, our sponsor is the Dramatics teacher, so we didn't worry too much when we learned that only Juniors and Seniors belong to the Dramatics Class.

Eight of our fifteen members played on the basketball teams; all but two on the "A" teams.

We are represented 100% in the chorus; Kenneth Vaughn plays the only saxophone in the Band, and by the way, he is a violinist too; and Velma Mae and Delma Mae Cook, the "twins", (no other class has any) play the piano well and sing beautifully together. Mary Lou Reynolds plays the piano also.

Three members of our class, Kenneth Vaughn, Mary Lou Reynolds, and Barbara Alderson have been on the Honor Roll all this year. Velma and Delma Cook, and James Garth boast of perfect attendance records.

The class enjoyed a real Christmas party in our home room, the sponsor's treat to the class; and we presented Principal and Mrs. Drew and our Sponsor gifts.

We have begun furnishing a stage lounge for the benefit of the whole school. Thus far, we have three overstuffed sofas and three easy chairs. Watch the project succeed.

In keeping with the teaching of our sponsor who has taught us to appreciate those about us who render service, we presented Prin. H.L. Drew a cake on his birthday. He expressed his thanks and appreciation to the class.

With the guidance given us by our excellent sponsor, we expect to enter the Sophomore class next year with far more dignity than we exhibited at the beginning of this year.

ACTIVITIES

AN EXPLANATION

Since reports from some classes and departments are not included in this Year Book, we feel that an explanation is necessary. It was the intention of the Staff that every department and every class should have its work represented. Requests for reports were sent out to the teachers and department heads more than three months ago. Repeated requests have been made, but some have not responded. We want the members of these classes to know that we tried to get a report on their work. It is no fault of the staff that a report is not published. In some cases there will be pictures but no report.

We wish also to take this opportunity to thank the teachers and pupils who did cooperate with us in getting a report on your work. The Year Book gives a summary of your year's work that you can keep indefinitely. We sincerely hope that when another year rolls around and work is begun on another Year Book, there will be the fullest cooperation on the part of everybody. The Year Book cannot be what it ought to be without that full cooperation.

Most of us on the Staff this year are Seniors. We have enjoyed working on the staff and we shall never forget our experiences with you. We sincerely hope the Juniors and others to follow shall work earnestly to surpass our achievements and do even greater things than we have done. We want to see the Chronicle continue to grow and perform its much needed service in the school. We look forward to a bigger and better Year Book next year. It can be if you will help make it so.

... The Staff.

DRAMATICS

The Dramatics class was presented in three coral readings on the Variety Program in September. Later, six plays, two skits, and a number of readings, humorous and serious were learned.

The Dramatics Class had added greatly to the school's Activity Fund this year by the programs presented here and at the schools at Dalton, Huntsville, Boonville, and Macon, Mo.

Plays presented by the Dramatics Class this year and the casts were:

"THE SHOCK OF HIS LIFE"

Cast:

Donald Smith	David L. Robinson	Wanda Swyningan
Dorothea N. Rucker	Thomas West, Jr.	Frances Alderson

"MURDER AT THE CLASS REUNION"

There were twenty students in the Dramatics Class, five Juniors and fifteen Seniors. All have had the opportunity to appear before the public this year.

Mrs. Mary Ella Tymony, Teacher

VOCATIONAL HOME ECONOMICS DEPARTMENT

It has become increasingly important to teach pupils that genuine homemaking is much more than housekeeping, so the arrangement of units demanded close attention.

The classes are based chiefly on four phases:

1. Food
2. Shelter
3. Clothing
4. Personal development

Units have been arranged so as to develop standards of living and appreciation of the value of personal and social development in the high school girl.

They know that in addition to keeping house, homemaking requires provision for the cultural, intellectual, and spiritual well-being of the household. They have learned that it is a business, a science, and an art.

The scope of the units have included:

1. Economy and Thrift
2. Family Relationships and Leisure
3. Clothing
4. Foods, Nutrition, and Basic Recipes
5. Personal Development

The girls have had various occasions to use their skill through preparation and serving meals for visiting basketball teams. The clothing skills were used in the construction and renovation of garments, and through the construction of drapes for the department.

The main objective has been to present the various phases as a unified whole and not as separate and isolated units of work.

Miss Freddie Mae Morris,

Teacher.

SCHOOL PUBLICATIONS CLASS

The general objectives for the course in School Publications are:

1. To provide practical applications of the principles of grammar, punctuation, and spelling.
2. To develop skill in collecting, condensing, and organizing material in an interesting way.
3. To provide an incentive for creative writing.
4. To develop confidence and poise in selling advertising and gathering news.
5. To develop qualities of accuracy, initiative, dependability, thoroughness, and honesty in newspaper work.
6. To offer an opportunity to perform a needed service for the school.
7. To give pupils experience in assuming responsibility- financial and editorial- for a newspaper that meets the needs of the school.
8. To give a broad view of newspapers and magazines- the ethics, history, and technicalities of their production.
9. To help pupils to become discriminating and appreciative readers of modern periodicals.
10. To provide students with an opportunity to explore the vocational possibilities of the field of journalism.
- 11.

These objectives have been kept in mind by the teacher in presenting the units on news writing, copyreading, feature stories and columns, editorial writing, advertising, study of periodicals, and the general survey unit.

Besides the regular lessons in theory and practice, the class in School Publications has published the school newspaper, THE LINCOLN CHRONICLE, each school month of this year; furnished an article for the local newspapers about each school activity during the year; sent an article to the Kandas City Hall, our Negro newspaper which so many read, each week; and has had the responsibility of editing this Year Book under the supervision of the Staff Advisers.

The members of this class are also the Lincoln Chronicle Staff members, whose pictures and names appear on a preceding page in this book.

Since all Junior and Senior students were required to take English III this year, only twelve of that number were permitted to enroll in the class in School Publications.

Lincoln Principal Tells PTA How Parents Can Help

"Why should every parent and every adult citizen of the community be a member of the P. T. A.?" and "What can the parents do to help?" were questions asked and answered by H. L. Drew, principal of Lincoln School, in a talk to the school's P. T. A. Monday night.

Three points made in answering the first question were: "You should belong to the P. T. A. because it is an organization that has child welfare as its chief aim; because of its philosophy; and because of its objects."

In answering the second question, Principal Drew stated that the raising of money is not the chief concern of the P. T. A., but it has more important concerns, such as helping the school to get every child of school age enrolled and then helping him to keep in regular daily attendance; supporting the school program of education; giving the child the right pre-school training in order that he will have the right attitude for the school training; by being interested in all that affects the child, his home life, his church life and his community relationships; and by finding out what the school needs and then seeing to it that those needs are supplied.

Mr. Drew stated that "if teachers were asked specifically what they would like most for parents to do to help them in their work, the answers probably would be: Take more interest in the health of the child and the general care he gives his body; do not measure the school of today by the standards of a quarter of a century ago; and give more attention to the general behavior of the child."

Lincoln High Cagers Divide Twin Bill; 'Queen' Is Crowned

Moberly Lincoln school basketballers split a doubleheader here last night, the Tigers polishing off the Garfield High Wildcats of Mexico, 48 to 32, and the Tigerettes, girls team, dropping a 43 to 21 decision to Lincoln Junior High of Huntsville. Barbara Jean Alderson, freshman, was crowned "Miss Lincoln" between games.

The Tigers led by just three points, (16 to 13), at the half and withstood a strong Wildcat challenge in the third period. But a final quarter offensive flurry iced the verdict for Moberly. Don Arthur with 11 points and Hardy Fox with 17 paced scoring for the L. B. Swisher five.

Huntsville Lincoln led the girls game all the way and the outcome was never in doubt. Dorothy Timmons with three field goals and four free shots led Moberly scoring. Huntsville's Betty Dameron led the winners with 18 points.

Lincoln Defeats Boonville; Places 3rd in State Meet

Moberly Lincoln School's Tigers downed Boonville 64 to 55 for third place in Class C of the State Negro High School court tournament at Jefferson City Saturday, brought home the third place trophy and landed two players on the all-tourney second team.

Hardy Fox, free scoring guard, and Harold Alderson, star forward, were the members of Coach L. B. Swisher's quint honored by the tourney committee.

A 50 to 34 loss to Franklin High of St. Charles, last year's champions, knocked the Moberlyans out of the title picture after the Lincoln aggregation had stopped Western Seminary, 58 to 39, in the first round, and trounced Cape Girardeau 53 to 39 in the quarter-finals.

Alderson netted 73 points and Fox 67 in the four tourney games.

School Levy Endorsed by Lincoln PTA

The proposed increase in the school levy was endorsed unanimously last night by members at a regular monthly meeting of the Lincoln School P. T. A. Principal H. L. Drew introduced the subject of the school levy and explained why it was necessary for the Board of Education to ask for an increase this year.

The response to Mr. Drew's appeal to "wholeheartedly get behind the increased school levy" was enthusiastic, and some volunteered their services as workers who would put forth every effort to get the people in their section of the city out to vote for the levy. The Rev. W. W. Goff, pastor of the Gillum Memorial Church, stated the levy would be spoken of in the church. Others who will be workers for the levy were Mrs. Elma Smith president of the P. T. A., Mrs. Ella Mae Pitts, Mrs. Quinlock Shobe, Mrs. C. H. Bartlett and Mrs. H. D. Tymony.

\$56.45 for Playground
Mrs. Ella Mae Pitts reported she had collected \$42.65 for the playground equipment fund and Mrs. Elma Smith reported she had collected \$13.80, a total of \$56.45. At the last meeting \$7 was donated which makes a total of \$63.45. The goal is \$100. Persons who have contributed thus far are:

\$2—Mr. and Mrs. H. L. Drew, Mr. and Mrs. H. D. Tymony, Mr. and Mrs. Herbert Ball and Mrs. Cecia Reed.

It's Brains That Count, Pastor Tells Lincoln Students

"Don't worry about your color; it's your brain that counts," the Rev. C. W. Timmons, pastor of Grant Chapel A.M.E. Church, advised Lincoln School pupils in an address at their weekly assembly yesterday morning.

The Rev. Mr. Timmons had referred to the "many handicaps the Negro has had in the past, especially the lack of equality of opportunity." He urged the students to prepare themselves for the fields that are beginning to open to them.

He advised greater encouragement in the home since it is his belief that a great deal of juvenile delinquency "can be traced to a lack of training and encouragement in the home."

He concluded with another plea, "Drive on until you learn the fatherhood of God and the brotherhood of man."

Twenty-six visitors attended the assembly.

Miss Yutha Hughes, first grade teacher, sponsored the program and her pupils chanted the Lord's Prayer and sang a group of gospel songs, "Does Jesus Care?", "A Little Talk with Jesus" and the chorus of "Yield Not to Temptation," which was led by Lillius Shobe.

First graders are Doris Thorpe, Gloria Jean Childs, Carol Sue Alderson, Duanne Payne, Sus-

We have endeavored to organize our Industrial Arts work on the general shop plan, giving a variety of experiences to our students. Among the objectives we seek to achieve are the following:

1. To develop an active interest in industrial life.
2. To develop the appreciation of good workmanship and design.
3. To develop in each pupil an attitude of pride and interest in his ability to do useful things.
4. To develop the habit of an orderly method of procedure in any task.
5. To develop the habit of self discipline which requires one to do a thing when it should be done, whether it is a pleasant task or not.
6. To develop an attitude of readiness to assist others when they need help and join in group undertakings.
7. To develop desirable habits with respect to health and safety.
8. To develop elementary skills in the use of the more common tools and a knowledge of the procedures in tasks frequently encountered by the average person.

At the beginning of the course some attention is given to general shop drawing, reading working drawings, etc. A major portion of the time was given to woodworking. Some work in cement was done. We was intended to do some work in metal, electricity, etc, but lack of equipment makes such courses impractical.

Several woodworking projects have been completed. Among them were footstools, end tables, book ends, coffee tables, book cases, etc.

The Senior girls took Industrial Arts this year and completed some very creditable projects, of which they are justly proud. The experiences they gained will be helpful to them when they become house wives.

HIGH SCHOOL SOCIAL STUDIES

The fact that this is a presidential election year has motivated a comparative study of some of the former candidates for the presidency, administrations, etc, by the 15 members of the American History class. The Marshall Plan and other popular topics in current events have been the topic of much discussion also.

In all the social studies classes special days and weeks have been observed. Special attention was given this year to Negro History Week and to Carver Week. Whenever the least mention was made about the Negro in the textbooks, the teacher has elaborated the subject and had students make reports on many persons who have achieved greatness in the Negro race. A part of the class recitations has been devoted to the study of state and national constitutions with particular attention being given to the articles and amendments pertaining to the Negro. The history of the State of Missouri has been studied also in the American History class.

A class of 16 Sophomores has studied Sociology this year with apparent interest. The central theme of the phase of Sociology studied by them, "Social Life and Personality", is the effect of social life on personality. The seven phases of social life studied by the class were:- family life, community life, play life, education, work, art, and religion. These units were followed by discussions of case studies which were supplied by the author of the text, the teacher, and the students. An attempt has been made to lead the students to become aware of the fact that they are members of society; that they have a share in making society better; and that they have the responsibility of helping society solve its problems intelligently.

The Sophomore class studied American Government the second semester. Students have been taught that if the people take an interest in government, make a study of it and work at it, democracy will be preserved and perfected. A reasonable amount of each period has been devoted to the study of political news.

The class in Citizenship Building had a membership of 35 freshmen and sophomores. With the realization that citizenship training is one of the seven cardinal principles of education and one of the reasons why we have high schools, an effort has been made to make a lasting impression upon the minds of the pupils with the lessons taught in Citizenship of the values of the information. They have been encouraged to think intelligently, to set up high ideals, and to practice these ideals in everyday life.

LINCOLN HIGH SCHOOL ALUMNI ASSOCIATION

The aim of this organization is to promote high scholastic standing, good fellowship, and social life of high type. We hope to receive new members each year and keep this society among the leaders at Lincoln. May the Alumni exist forever!

A \$75 scholarship is being planned again this year which will be awarded to the two senior students who have the first and second places in their class for scholastic records for the four years. Special awards will also be given at the commencement exercises.

Among the activities participated in by the Alumni were basketball games for both men and women. Plans are being made for plays to be presented by the Alumni and for a Fashion Parade.

The Alumni Association also treats, every quarter, pupils who have a scholastic average of "S" or better and those who have perfect attendance records for the quarter.

The officers of the Lincoln Alumni Association are:

Miss Yutha G. Hughes, President

Mrs. Thelma Washington, 1st vice president

Miss Jewell Harvey, 2nd vice president

Mr. Odra Bradley, 3rd vice president

Mrs. Eunice Finney, Secretary

Mrs. Myrtle Graves, Treasurer

SUMMER RECREATION

LINCOLN SCHOOL PLAYGROUND.

In 1947 for the first time in recent years a Summer Recreation program was in operation on the Lincoln School grounds for our girls and boys. The Lincoln playground was under the supervision of Mr. H. L. Drew, assisted by his wife who served without pay.

The playground was open on Monday, Tuesday, Thursday and Friday of each week for a period of eight weeks. Morning sessions from 9 to 11:30 were for grade school children. Afternoon sessions from 1:30 to 4 p.m., were for high school students.

The games played depended on the interest of the various age groups. Sandboxes were constructed for the smaller children. Outdoor basketball, softball, dodge ball, touch football, paddle tennis, horseshoes, table tennis, aerial datts, chinese checkers, and various group games were sponsored.

The community Recreation program was brought to a climax with Field Day activities at the school on the last day of the program. Prizes of candy bars, chewing gum, peanuts, etc were given the winners in each of the events. These prizes were bought and paid for by Mr. and Mrs. Drew out of their personal funds. The Recreation Committee treated all present to Ice Cream bars.

Various organizations and groups were very loyal in supporting the program by contributing to the Community Recreation Fund. Contributions were:

Second Baptist Church, Moberly	\$ 30.00
Oliver-Harvey American Legion, No. 292.	25.00
Lincoln High School Alumni Association	25.00
Gillum M. E. Church, Moberly	10.00
Lincoln School P.T.A., Moberly	11.00
Women's Auxiliary to the Oliver-Harvey American Legion Post, No. 292...	10.00
Church of God in Christ, Moberly	5.16
Grant Chapel A.M.E. Church, Moberly ..	3.00

Total contributions \$ 119.16

Plans are under way for a continuation of the Recreation program during the summer of 1948. Organizations are again being asked to contribute to its support.

LINCOLN P. T. A. 1947-48.

The State Congress of Parents and Teachers will meet in Moberly, Mo., next October with the Lincoln P.T.A., as host. The invitation was extended to this state organization when the president and secretary of the local unit attended the sessions last October in St. Joseph, Mo. The Lincoln P.T.A., officers and members consider the honor of being permitted to entertain the State P.T.A., something of which to be proud, because it will be a source of information and inspiration to all of the workers.

Principal and Mrs. H. L. Drew are past president and corresponding secretary respectively, of this organization. Mr. Drew served the maximum number of years permitted by the constitution of the State Congress, as State President.

The Lincoln P.T.A., has worked under the leadership of a new president this year. Mrs. Elma Smith was elected president at the last meeting of last school year. Mrs. Naomi McElroy did not choose to be reelected since she had served as president for a number of years. Mrs. Rpsetta Smith is the vice president, Mrs. Eunice Finney the secretary, and Mr. Chas. H. Bartlett is treasurer this year.

The two outstanding accomplishments of the P.T.A., this year are the assistance given in the health clinics at the school and the continuation of the playground equipment project. The unit paid the doctors for their services at the clinic and thereby relieved the parents of the obligation of paying for their children's immunizations and vaccinations. Members of the Unit also assisted the nurses at the clinic. A Merry-Go-Round was bought for the children at an approximate cost of \$100.00-

Regular monthly meetings have been held the third Monday. Much of the time in the October and November meetings was spent planning ways of getting more parents to attend the P.T.A. A special program and membership drive was the feature of the December meeting. Principal H. L. Drew was the speaker on the program. He discussed, "The Objectives of the P.T.A. and How Parents Can Help the School". At the social hour which followed, a plate lunch was served to all.

Mrs. Mary Ella Tynony, Chairman,

Lincoln P.T.A., Publicity Committee.

THE HOT LUNCH PROGRAM

We are pleased to report that our school lunch program has continued to function throughout this school year. The reduced rates in effect this year, plus the rapid rise in the cost of food, supplies, etc, have caused many schools to discontinue their hot lunch projects, but we have operated regularly since the second week of the school year. Of course, the program has not been self supporting, but we have financed it with funds raised in other school activities.

When the program was inaugurated in October 1945, the opening statement sent to parents read as follows: "We are making plans to begin a school hot-lunch program. We realize how important a complete school lunch is to the health of children. The right kind of food well prepared and enough of it make for stronger, finer bodies. As a school we are interested in the whole child. The school lunch program is not just a feeding program. It is a part of an over-all program to help children grow better in mind, body, and spirit. It is a vital part of school living and from it children and all who work in it will learn many things."

After three years of operation we are more convinced that the school lunch program is important and should be continued.

We serve a Type A lunch which always contains the following minimum requirements:

1. One-half pint of whole milk as a beverage.
2. Two ounces of lean meat, poultry, fish, or cheese, or one egg, or one half cup of dry beans, peas, or four tablespoons of peanut butter.
3. Three-fourths cup of vegetables or fruit or both.
4. One or more portions of bread or muffins or other hot bread made of whole-grain or enriched flour or cereal.
5. Two teaspoons of butter or fortified margarine.

Our lunches always meet these minimum requirements and usually we furnish more than is required. For meats we serve chicken, fish, turkey, beef, pork, etc. Different vegetables and fruits are served each day.

Mrs. H. L. Drew has had the general supervision of the lunch program and Mrs. Claud Estill has prepared the meals this year. (Her picture appears on another page).

DEDICATED TO THE CLASS OF 1947

The Class of 1947 has its history recorded in the Year Book of that year which was as complete as it could be at the time the book was published. This class did some things, however, after the date of publication while they were still students in Lincoln High School, which we think are worthy of being recorded here as a continuation of the History of the class of 1947 as it appears in the Annual of last year.

At the busiest time of the year when activities were the most numerous and when many in the school said that the expense attached was too great for the program to be a success financially, the Class of 1947 presented the Lincoln University Band, Jefferson City, Mo., in a concert here on May 13th of last year. Although the tickets sold for a so-called high price, the auditorium was filled and the school received \$108.24 profit from the program after the \$102.00 transportation cost had been paid. There was no contest on at the time, so the program and parade by the Band through the city was for the appreciation of the culture and inspiration which the students and the community at large might get from the appearance.

The Class of 1947 did something else which showed their love for the school and the man who stands at the head of it. In one of these, no doubt, they set the example which other classes may follow. If they do, it is hoped that the giving will be prompted by the same motive and not from a sense of duty. At their Class Day exercises the Class of 1947 presented the school a large banner done in the school colors, blue and gold, on a standard which is about eight feet from the base. It has these words on it, "LINCOLN HIGH SCHOOL, MOBERLY, MO.". They also presented the school a metal money box which can be used by the doorkeepers at concerts, basketball games, etc. It has divided compartments so that change can be made easily. Then too, the Class of 1947 presented Mr. Drew, the Principal, a swivel desk chair as his own personal property. The class also remembered the Principal on his birthday and at Christmas with nice gifts, because their sponsor had emphasized the value of showing appreciation to persons who are worthy of it, even in a tangible way.

CLASS OF 1947
(continued)

Some one has said that a good test of the worth of a high school is the number of its graduates who attend college. If this be true, then the Class of 1947 has done much to raise the standard of Lincoln High School. Seven of the nineteen members of the class are attending school again this year; four at Lincoln University, Jefferson City, Mo., two at Tucker Business College, St. Louis, Mo., and one at the School of Beauty Culture, St. Joseph, Mo.

Two members of the class are married and have begun their duties as house wives. All of the other members of the class are working either part time or regularly.

It is to the memory of this illustrious class that we dedicate this space in the Year Book of 1948.

SEVENTH AND EIGHTH GRADES

The seventh and eighth grade pupils have worked hard to make this year one long to be remembered. Each pupil has striven to make sure that at the end of each quarter his or her report card would show improvement in each class.

Much specialized work has been done by groups formed from both grades in order to get a better foundation in arithmetic. In reading, comprehension has been our goal.

Special projects for this year have been a minstrel, presented in October in which pupils in the seventh and eighth grades had major roles; and "An Hour with Negro Composers" presented at our regular assembly and repeated for the Ways and Means committee of the P.T.A.;

A dramatic choric ode was presented for the Missionary Society of Trinity Methodist Church (white) as a number on a Race Relations program.

These grades also sponsored a special Christmas Assembly program.

Both boys and girls have had physical education classes this year and they have enjoyed being permitted to engage in inter-school basketball. The boys have played the teams from Huntsville, Monroe City, Jefferson City, and Dalton. The boys won from Dalton and Monroe City. The girls played Monroe City and Dalton. They won both games.

At the game sponsored by the elementary school teachers as part of their spring project, Lola Faye Burton, member of the eighth grade was crowned Queen-for-a-Day in the Elementary school.

FIFTH AND SIXTH GRADES

The pupils of the fifth and sixth graded are looking forward to a well-earned vacation.

These pupils received new textbooks this year which were much needed. From the very beginning of school their interest never lagged. Progress has been made in all their studies. They are achieving group unity through varied activities.

In their social studies, they produce maps, write reports, draw pictures, create dramas, and conduct interesting class discussions.

Pupils in the fifth and sixth grades played an important part in the minstrel which was one of the most unique affairs of the year.

Some of the boys in these grades help constitute the School Boy Patrol. The girls contribute their services to the hot lunch program.

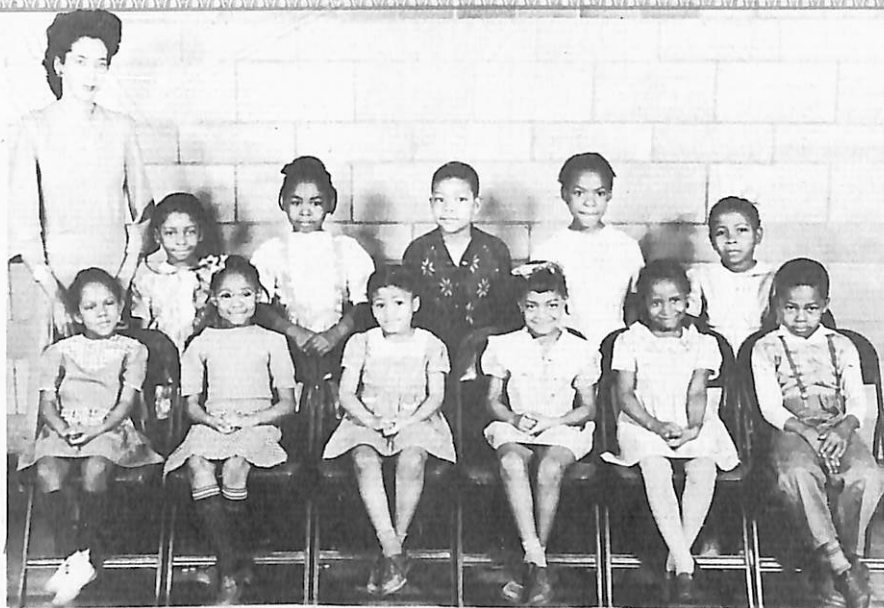

An assembly program for the fifth and sixth grade pupils was presented on the 13th of May.

There are some promising artists in this group of pupils.

THE THIRD AND FOURTH GRADES

THIRD AND FOURTH GRADES

Much stress has been placed on reading this year since it is the basic tool to higher learning. Plans were worked out to cope with each individual's problems. There have been special reading classes for the benefit of the "slow reader" who is probably a year or even two years behind his grade level. Phonetic study, correlation of other subject matter, and other outside reading have been very beneficial.

Seventeen of the pupils in grades 3 and 4 took part in the Halloween Carnival which was given in October. In December a playlet, "The Shepherd Boy", was presented on the elementary school Assembly program. In February Brenda Logan was selected to be a candidate in the "Queen-for-a-Day" contest and she won fourth place in the contest.

The third and fourth grade pupils presented their Assembly program, "St. Patrick's Day", in March.

There has been an average of nine pupils on the Honor Roll each quarter from the third and fourth grades. An average of eleven were served each quarter by the Alumni for perfect attendance. We express our appreciation to this organization for their encouragement. There has been an average of nine pupils from these grades who have taken advantage of the hot lunches served at school. We wish to encourage this effort and hope more will participate next year.

The out of town pupils who enrolled this year were Pearlle Jean Simpson, Seattle, Wash.; Charlene Strother, Hannibal, Mo.; Robert Briggs, Huntsville, Mo.; and Delbert Alexander, who attended school in Paulsburg, New Jersey, last year.

Exhibits for Open House Day were on display which consisted of class work and original drawings.

We wish to thank the faculty, parents, and all concerned who helped the third and fourth grades in every effort they put forth, especially in the extra-curricular activities, which made this year a success.

SECOND GRADE

The majority of the pupils of the second grade have made noticeable progress this year in their work.

Special emphasis has been placed upon reading.

Most of the pupils responded favorably to the Achievement Test given January 25th and also to the Reading Test given February 10th.

The Second grade participated in the Variety Program given in September and the Halloween Carnival given in October.

Barbara Jean Collins, a contestant in the Queen-for-a-Day contest won third place.

The pupils in the Second Grade are:

Ann Ellen Cravens	Barbara Jean Collins
Janice Marie Collins	Nellie Frances Denny
Bernice Dysart	Gwendolyn Frances Erickson
Sandra Jean Finney	
Leroy Hicks	Hurley Wayne Jackson
Mble Lou Hayes	Joetta Oliver
Johnny Oliver	Alfred Pettigrew
Chauncey Reynolds	Ernest Roper
William Thorpe	George Wilson

GRADE ONE

Sixteen First Grade pupils entered Lincoln School in the autumn of 1947. The first few days were spent in getting acquainted with each other and with the upper class pupils who were to be their associates during their sojourn at Lincoln in search of knowledge.

The pupils are showing rapid progress. Many units have been worked out by them.

During the spare moments, each child is allowed to follow the hobby of his choice.

The First Grade pupils have participated in these activities this year: the Variety Program, the Assembly, The P.T.A.'s Program, and Vivienne Dianne Payne and Samuel Maupin in the QUEEN-FOR-A-Day program which was sponsored by the Elementary school teachers.

Pupils with perfect attendance records and those with an average of "S" were given gold stars.

Pupils in the First Grade are:

LINCOLN

SCHOOL

CUSTODIAN

CHARLES H. BARTLETT

TWENTY YEARS

OF

FAITHFUL SERVICE

Charles H. Bartlett, Custodian of Lincoln School, began his duties here in September 1927, twenty years ago. During this long period of service he has proved himself to be a real asset to the school. He is a competent worker, faithful in the performance of his duties, a christian gentleman, and is filled with the school spirit. His place in the school is important, and he has dignified the position by the masterful way in which he performs his duties and with his exemplary attitude and character and his pleasing personality.

Mr. Bartlett recalls that at the time he began his work at Lincoln the building had only eight rooms, two corridors, and there was no playground on the north side of the building as at present.

The building program at Lincoln has expanded during the past twenty years until at this time Mr. Bartlett, who is still without an assistant, attempts to care for a school building which has ten classrooms; a large library-study hall; a gymnasium-auditorium; two lavatories; a kitchen, where hot lunches are prepared; two shower rooms; four long corridors; north and south stairways; and a principal's office. There is playground space on all sides of the building which has some equipment which requires some of his time. There are sidewalks on the sides of the school grounds facing Franklin and Horner streets which mean more work for him, especially in the winter after a snow. But he goes about all these duties with never a word of complaint, even though it is apparent that he needs help. Though the school has a very full activity program with frequent activities at night, he responds whenever called upon willingly and cheerfully.

Besides being almost indispensable at Lincoln School, Mr. Bartlett is a Deacon in the Second Baptist Church, Treasurer of the Church, and has been Superintendent of the Sunday School for more than 20 years. He is treasurer of the Lincoln P.T.A., and holds other offices which attest to his honesty and integrity.

Mr. Bartlett was born about three miles east of Moberly, the son of Mr. and Mrs. Ellis Bartlett, now deceased. His mother, the former Miss Betty Lang, was a school teacher. He has a wife and a daughter, Mrs. Marian O. Morrison, Des Moines, Iowa. The daughter began her work at Lincoln the year her father began his work as custodian. She graduated from Lincoln High with highest honors in 1932, then received her Bachelor's degree from the University of Illinois in 1936 from the School of Music, and became a teacher at her alma mater, Lincoln School, in the fall of the same year. This position she held until her marriage in 1944.

During Mr. Bartlett's 20 years of service at Lincoln school he has been absent only 14 days. Ten of those days he was sick, one day he attended his step-daughter's funeral, and he was absent three days this year when his brother passed. That is a remarkable record.

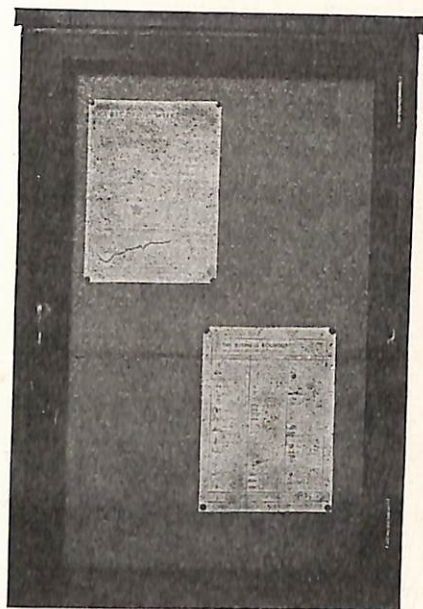

Mr. Bartlett owns his home, a 5 room modern cottage at 713 S. 6th St.

Naturally, Lincoln has great admiration for him and for his faithful and untiring service. We believe he deserves this entire page that is being dedicated to him.
